PROFILE

Driven team player and focused growing Data Scientist, seeking an opportunity to add value in a professional environment while developing my skills. Quick learner and able to apply my abilities to contribute to the attainment of the short term and long-term goals of any organization I work with.

ACADEMIC QUALIFICATIONS

MSc Computer Science, Southern Adventist University, Collegedale, Tennessee, (in view)

BSc (Honors) Systems Engineering, 2nd Class (Upper Division), CGPA: 4.35/5.00, University of Lagos, Lagos, Nigeria, 2018

Academic Advisor: Dr. Comfort Folorunso

- Ranked in the top 1% of grades in core courses such as Object-Oriented Programming Languages, Algorithms and Data Structure, Industrial Management, Operations Research, Automated Reasoning, Robotics amongst others
- Carried out and presented (Using Microsoft PowerPoint) an undergraduate thesis on Neuroticism Personality Detection through Text using Artificial Intelligence
- Served as the departmental student representative for my class from 2013/2014 academic session to the 2017/2018 session ensuring all classmates were carried along on information

High School Diploma, The International School, Ibadan, Nigeria 2007 - 2013

- Garnered distinctions in six subjects taken in the International General Certificate of Secondary Education (IGCSE)
- Obtained distinction grades in nine out of nine subjects taken in the West African School Senior Certificate Examination (WASSCE)

WORK EXPERIENCE

Data Scientist

Jun 2021-Date

Sidmach Technologies, Nigeria

- Performed Data Migration along with a colleague of data in SQL Server, on premises to Azure Data Lake Gen 2 using Integration Runtime and Azure Data Factory
- Cleaned datasets with over ten (10) rows each using Databrick's PySpark utilizing Python and basic SQL skills that I have acquired over the years
- Worked on Data visualization using Microsoft Power BI, creating insights of data by using charts, maps, cards, slicers and interactions to enable data driven decision making. Data cleaning and aggregations were also done using Power BI
- Utilized Azure Virtual Machines for tasks that required the scaling properties provided by the tool and completed processes more efficiently and at minimal cost as a result of Azure's available Pay-As-You-Go payment plan

Microsoft 4Afrika SkillsLab Intern

Feb 2021-May 2021

Sidmach Technologies, Nigeria

- Collaborated with my Data Science teammates in utilizing Microsoft Learn, virtual trainings and research to acquire skills and earn certifications in Cloud Computing, Data Science and Artificial Intelligence
- Served as one of the two leaders in my Data Science subgroup, serving as intermediary between the team members and our mentor

Administrative Office Assistant (National Youth Service Corps)

Apr 2019-Mar 2020

Babcock University, Nigeria

- Received and organized all departmental and faculty-based memos and subsequent dispersal to appropriate units including academic and non-academic staff
- Assisted in the generation of memos and departmental meeting agendas using Microsoft tools such as Excel Spreadsheet and Microsoft Word
- Interacted with guests of the Office of the President/ Vice Chancellor ensuring their comfort and friendly meeting environment

- Volunteered as a red cross member and provided medical first aid to fellow National Youth Service Corps (NYSC) members during camp activities such as sports, march parades and morning exercises

Systems Engineering Intern,

May 2017 – Oct 2017

Homcon Engineering Limited, Allen Ikeja, Lagos State, Nigeria

- Participated in company projects such as electrical works, automation, data systems and CCTV maintenance as a project assistant
- Compiled progress reports for every site visitation and presented to project supervisor for analysis and approval
- Engaged in Emergency Response Training and Demonstration for clients ensuring proper understanding of safety and emergency procedures

RESEARCH EXPERIENCE

Undergraduate Final Year Thesis: Neuroticism Personality Detection through Text using Artificial Intelligence, *2018*
Thesis Supervisor: Dr. Eganosi Atojunere

- Built a Neuroticism Personality prediction model through written texts by collecting texts written by individuals, feature extraction of texts related to neuroticism level detection and building a model through supervised learning algorithms such as support vector machine and k nearest neighbors

Undergraduate Group Project: Construction of an Automated Unmanned Ground Vehicle (UGV) *Oct 2016*

- Participated in a team of four (4) to build an automated UGV that can also be controlled by a Bluetooth device in a Robotics course using available resources

SKILLS

- Practical experience with Python, R, SQL
- Adept use of Power BI
- Ability to use Azure Cloud Services, Databricks, Google Cloud Platform
- Self starter with problem solving and analytics
- Self motivated with willingness to learn
- Excellent communication skills

AWARDS AND ACHIEVEMENTS

- From Data to Insights with Google Cloud *2021*
- Microsoft Certified: Azure Data Scientist Associate *Jun 2021- Jun 2023*
- Microsoft Certified: Azure AI Engineer Associate *May 2021 – May 2023*
- Microsoft Certified: Azure Fundamentals *Mar 2021*
- Microsoft Certified: Azure AI Fundamentals *Mar 2021*
- Microsoft Certified: Azure Data Fundamentals *Mar 2021*
- Microsoft Certified Trainer *Jun 2021 – Jun 2022*
- Introduction to Machine Learning, Duke University (Coursera) *May 2021*
- Participant, Youth for Technology Foundation of HackForGood *Aug 2018*
- Award of Excellence, Adventist Students Fellowship University of Lagos *2017*
- Medals, 5-A-Side Female Departmental and Faculty Football Games, Faculty of Engineering, University of Lagos 2014, '16, '18
- 9th Position in Nationals, Junior Category, Cowbell Mathematics Competition Award *2010*
- Lola Marinho Award for Altruism, The International School, Ibadan, Nigeria *2009*
- Certificate of Merit, Young Writers Creativity Award, Peterborough PE2 9JX *Sept 2008*

LEADERSHIP EXPERIENCE

- General Secretary, *2019/2020*
National Youth Service Corps (NYSC) Sports Community Development Service (CDS), Ogun State, Nigeria
- General Secretary and Treasurer, *2019/2020*
National Association of Adventist Corps (NAAC) Members, Ogun State Chapter, Nigeria
- President, *2017/2018*
Adventist Students' Fellowship (ASF), University of Lagos, Nigeria
- Head of Logistics Departments, *2015 -2017*
Adventist Students' Fellowship (ASF), University of Lagos, Nigeria
